

CAA became full member of TRAINAIR PLUS program

Civil Aviation Academy (CAA) became Full Member of ICAO TRAINAIR PLUS program. CAA recently received Full Membership Certificate of ICAO TRAINAIR PLUS program from ICAO Head Office Montreal, Canada. The full membership is valid from Feb. 01, 2019 to Sept. 2021. Before this, CAA was Associate Member of ICAO TRAINAIR PLUS program since 2012. To become Full Member of TRAINAIR PLUS program, an Associate Member has to make new STP (Standard Training Package) in new subject on aviation field so far no member has made STP. CAA made STP on Aerodrome Emergency Handling Course with its own course developer manpower.

CAA is now in the state of running training on Aerodrome Emergency Handling Course with international participants. Any member training institute other than CAA of Nepal can also run this course after buying this course from CAA of Nepal. This STP has been the intellectual property of CAA. This has proved the capacity of course developer manpower. This has also contributed to save USD 5,415 of the nation annually as Associate Member renewal fee is USD 16,245 whereas Full Membership renewal fee is USD 10,830.

CAA is proud of being Full Membership of ICAO TRAINAIR PLUS program and ready to contribute for aviation safety by running the course with international participants.
